

Standard Line

Our screw caps from the Standard line are available in several diameters. We offer these inside injected caps in various designs and they are an integral part of our range for many years.

Classic Standard

- Ø 18mm, 19mm, 25mm, 30mm, 35mm, 40mm, 50mm
- Ø 50mm caps are also available in a higher version
- Outside shapes: glossy, mat, chequered
- Threads: M11, M15, S22

Softline Standard

- Ø 19mm, 25mm, 30mm, 35mm, 40mm, 50mm
- Rounded edges
- Outside shapes: glossy, mat
- Threads: M09, M11, M15, S22
- For further processing (metallization, hot stamping, etc.) well suited

Hardline Standard

- Ø 25mm, 30mm, 35mm, 40mm
- Square edges, flat surface
- Outside shapes: glossy, mat
- Threads: M11, M15
- For further processing (metallization, hot stamping, etc.) well suited

Of course, we can also offer you our caps with a [MyCap by RUBA®](#) external shape with a special design you require.

Advantages of a RUBA cap:

- Simple screwing through thread guide, no tilting possible
- No injection point visible due to injection from inside
- Top-delivery terms
- Ideal price-performance ratio
- Top service and competent advice
- Various additional services possible, check our [RUBA quality levels](#)
